## 2. School values, philosophy and vision

Elwood College is committed to excellence in education. Our maxim Together We Grow reflects the sense of community at Elwood College and the important role of each individual in our community. Our vision is for all teachers and students to be successful learners, confident and creative individuals, and active and informed citizens. Our students thrive in a culture of academic excellence and achievement through personalised learning that fulfils their diverse capabilities. Our values are Respect, Integrity, Care and Compassion. Our mission is to develop in students a love of learning; to build their resilience; to enable them to approach the future with optimism; and to equip students with the skills and attitudes that will enable them to be productive and responsible global citizens.

Elwood College encourages students to pursue excellence in a culturally diverse learning environment through the development of positive, respectful and cooperative relationships. We have a high expectation that students will continue onto tertiary studies with enthusiasm and confidence. We focus on developing 'future-ready' students, equipped for life beyond school in a competitive global environment.

Independent learning and inquiry skills are incorporated throughout the curriculum. Classroom activities are designed to teach responsibility, leadership and collaboration. Teachers and students need the skills to quickly adapt to change, most notably in technology. All students have personal computers to facilitate immediate access to eLearning programs and other school resources.

Co-curricular programs assist the college to engage with students and ensure a sense of wellbeing at school. Students are expected to be active participants in a range of additional school programs including sport, music, productions, camps, 'House' competitions and student leadership.

## 6. Student behavioural expectations

Behavioural expectations of students, staff and families are grounded in our school's Statement of Values. Student bullying behaviour will be responded to consistently with Example School's Bullying policy.

When a student acts in breach of the behaviour standards of our school community, Example School will institute a staged response, consistent with the Department's policies on behaviour, discipline and student wellbeing and engagement. Where appropriate, parents will be informed about the inappropriate behaviour and the disciplinary action taken by teachers and other school staff.

Our school considers, explores and implement positive and non-punitive interventions to support student behaviour before considering disciplinary measures such as detention, withdrawal of privileges or withdrawal from class.

Disciplinary measures may be used as part of a staged response to inappropriate behaviour in combination with other engagement and support strategies to ensure that factors that may have contributed to the student's behaviour are identified and addressed. Disciplinary measures at our school will be applied fairly and consistently. Students will always be provided with an opportunity to be heard.

Disciplinary measures that may be applied include:

- warning a student that their behaviour is inappropriate
- teacher controlled consequences such as moving a student in a classroom or other reasonable and proportionate responses to misbehaviour
- withdrawal of privileges
- referral to the Year Level Coordinator
- restorative practices
- detentions
- behaviour support and intervention meetings
- suspension
- expulsion

Suspension, expulsion and restrictive interventions are measures of last resort and may only be used in situations consistent with Department policy, available at:
